Conference Announcement and Call for Papers

On the occasion of the ninetieth anniversary of the birth of Kurt Gödel, an international conference entitled

Logical Foundations of Mathematics, Computer Science and Physics – Kurt Gödel's Legacy (GÖDEL'96)

will take place on *August 25–29, 1996*, in Brno, Czech Republic (the birthplace of Kurt Gödel).

Aims and topics: The aim of the conference is to pay tribute to Kurt Gödel by arranging a scientific event presenting a forum for papers relevant to foundational aspects of Logic in Mathematics, Computer Science, Philosophy and Physics—areas influenced by Kurt Gödel's work. Original scientific papers are sought for the conference, as well as research work in history connected with Gödel's work. A session is planned to honour Professor Hao Wang, one of Kurt Gödel's closest collaborators, who died on May 13, 1995.
